

YBRCT 2016

This is the final information for this year's tour, hosted at Hothorpe Hall from Sunday the 24th of July to Saturday 30th. This year we are in South Leicestershire.

ARRIVAL The tour will begin on the Sunday with dinner at 18:30. There will be afternoon tea from 16:00, so do arrive from then.

MORNINGS Breakfast will be at 08:00

EVENINGS The evening meal is at 18:30pm, there is a bar on site and I have negotiated the price of real ale down to £3:20, and they are getting some local beer in. On Thursday evening we will be joining Leicester cathedral for their practice, you will have to organise your own transport there.

PAYMENT – almost everyone has paid in full, thank you for being so co-operative in this regard. If you have not I will be in touch!

IN ADDITION you will be expected to pay the £15.00 tower donation at the tower that you organise (see column "Organiser" of the itinerary). You will need to have the £15.00 in cash when you arrive at that tower. If you are not running a tower I will ask you for a donation of £15.00 which will go towards final night entertainment, and if any is left over, a charity. In addition you will have to pay yourself at some stage for the following - travel to/from the tour; snacks and lunch during the day and "beverages".

TRAVEL - It is your responsibility to arrange and finance your travel to and from the tour.

WHAT TO BRING – Ensure that you bring a roadworthy bike, locks, clothes to cycle in, waterproofs etc etc. Contrary to advice from previous years, you don't have to pack too lightly – changes of clothes are recommended. Bedding and towels are provided.

Look forward to seeing you

Tom

DISCLAIMER I make all the arrangements for accommodation and towers but I cannot guarantee to supervise all the party all the time. Each tourist is responsible for his or her own sensible behaviour at all times. If individuals decide to make their own way around the route then that is their own choice, I do not require them to cycle with me. However, we render whatever assistance and direction is required. Cycling has its dangers and I cannot be expected to completely eliminate them. I must point out that we are not able to insure you for the tour, so if you wish to be insured, you will have to do that yourself.
